Create your Caremark.com account

Choose one of three ways to register:

1. Use the prescription number from your medication label
2. Use your member ID number
3. Answer a few questions to verify your identity

Once you're registered, you'll be taken to your dashboard where you can:

- See your plan details
- Track your Rx spending
- Check drug cost and coverage
- Start new mail service prescriptions
- Refill prescriptions

Check drug cost and coverage

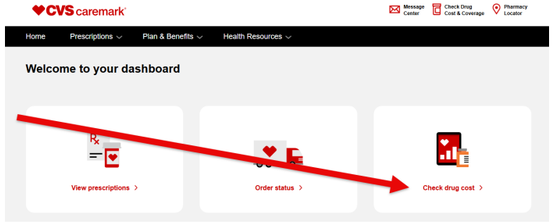

The Check Drug Cost tool is personalized to your plan design. It shows you how much your prescription will cost at your primary pharmacy and highlights opportunities to save money.

You can compare the cost:

- 30-day vs. 90-day supply
- Retail vs. mail pharmacy
- Generic vs. brand-name medication

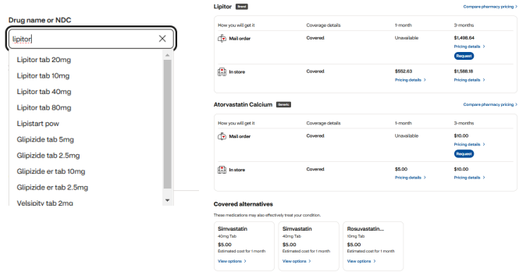

A generic has the same active ingredients, strength and dosage as its brand-name equal. The U.S. Food and Drug Administration (FDA) requires generics to be as safe and effective as brand-name equals.

From your dashboard, click on Check drug cost

Start typing your medication name in the search box

From the drop down menu, choose the name or National Drug Code (NDC) number, form and strength prescribed to you

Ask your provider or pharmacist if you can replace your brand-name medication with a generic.

Convenience, savings and safety - Rx Delivery by Mail

It's convenient

- Delivery from CVS Carmark Mail Pharmacy located on the island of Oahu
- 90-day supplies

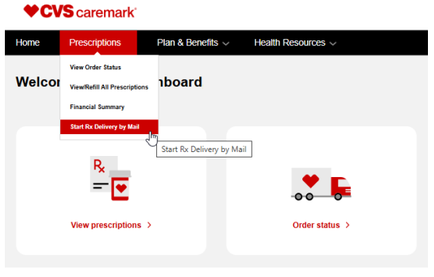

It saves money

- 90-day supplies cost less
- No-cost shipping
